Room Changer

1. Make a list of all the positive things about your home environment. What facilities have you to make it a comfortable area to live in?

2. You have the opportunity to design your own one roomed flat ready for when you leave home. Think about how you would use the space to include all the facilities you would need.

What furniture would you need?

How would you decorate it?

What 'home comforts' would you include?

Use a 2D plan, sketches and notes to present your ideas.

3. The Estate Agents, Chatup & Sellers wish to sell your flat for you. Write and design a leaflet for them.

Present the information from your plans and notes using suitably persuasive language and an eye-catching layout.

4. The school governors want to issue a leaflet for parents to inform them about the proposed new classroom that the government are funding.

Use the extract from the government framework you looked at earlier and any ideas you have developed from Worksheet 2 to write and design an information leaflet in a suitable style and format to issue to parents.
